

List of organised outdoor access events known to be in the planning stages within the Cairngorms National Park

Important Notes: This list is primarily intended to provide a service to event organisers and to assist them in their planning. It is only as up-to-date as the information that is fed to the CNPA. Not all events listed may actually take place and they may not have all finalised permissions in place. There may be other local events (local village shows, etc) that are not listed. Event organisers should always make direct contact with land managers as early as possible and make direct contact with each other if their planned events are close in space and time. Events that are definitely taking place and which are to be publicised for the public should be added to www.visitcairngorms.com/events.html.

List updated: 19th August 2010

Date	Venue	Event	Activity	Organiser	Proposed Numbers	Contact details (website, e-mail and phone)
