## Comment Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: I would like to be sure that if this proposal went ahead, thereby greatly increasing traffic at the crossroads, that a different priority system be used at the crossroads. Perhaps even a mini roundabout so that everyone has to slow down?

During the 27 years that I have lived on this road I have seen numerous near misses because not everyone sees the Give Way sign on the approach to the crossroads.

The line of sight is very poor both on the approach from the village or when crossing from Lynstock to the school.

There is another area, further up the road, where oncoming traffic is obscured from view if turning into the houses before Dorback Place.
