

Badenoch & Strathspey Conservation Group  
**STATEMENT OF EVIDENCE**  
**Hearing Session**

**Provision of the Local Plan**

**Policy 13 Water Resources**

**Summary of objection(s)**

Object to use of communal septic tanks

**Recommendation.**

Mains sewerage should be in place before a development goes ahead, other than for, say, an individual house, or where a reed bed system is to be used.

## **Statement**

### **1.0 Scope of Evidence**

1.1 Any statements made already and any supporting documents you might be using.

### **2.0 Summary of Objection and CNPA's Response**

2.1 Short summary of the position to date

### **3.0 Strategic issues**

3.1 Any international, national or strategic documents you might base your evidence on

### **4.0 Deposit Local Plan issues**

4.1 The position as set out in the Deposit Plan including any modifications

### **5.0 National planning policy/guidance**

5.1 Any Scottish Planning Policy documents and Planning Advice Notes used to support case

### **6.0 Other material considerations**

6.1 Everything else you rely on in your arguments – other evidence etc.

### **7.0 Assessment and conclusions**

7.1 Assessment and conclusions in regard to the various objections – to do with your own objections with the plan and any issues you would wish to raise in regard to the statements or objections of others.

### **8.0 Recommendation**

8.1 What you would wish the Reporter to recommend in his report

## **List of documents (in addition to Core Documents)**

- Eg supporting evidence
