

Bracken: Frond or foe?

Tuesday 12th July, 9.30 to 13.30

Logie Coldstone Village Hall and Auchnerran Farm, Deeside

A FREE half day event of short talks followed by a farm visit for a practical outdoor session of machinery demonstrations and informal discussion.

- When and why does bracken need managing?
- What are the different methods and what are their pros and cons?
- What is the current position on chemical spraying?
- What funding is available?
- When can bracken be a good thing?

Demonstrations to include a range of locally-used equipment and a helicopter (provided by PDG Helicopters) on the ground and in action aerial spraying.

Also a chance for a short introduction to GWCT's new demonstration farm.

Refreshments and a light lunch included.

Booking essential – contact
