E15A. Are you aware of your local Community Action Plan?

Community Action Plans are developed by local communities on a five-year cycle, looking at priorities across four main themes: (a.) a socially connected community; (b.) a climate conscious community; (c.) an economically thriving community; and (d.) a culturally vibrant community.

The consultation is funded by the Park Authority and led by third sector organisations. It involves surveys and a series of public engagement events to determine the priorities that matter to local people.

D4. Thank you for your time so far. To help us make sure we're involving the widest range of residents and those working in the National Park, we'd really appreciate you answering a few quick questions about yourself. This should only take a couple of minutes to complete, all questions are optional and we will not report your responses in a way that identifies you.

We would like to assure you that any information provided in this section will only be used for analysis, to understand the experience of living in the Cairngorms National Park of all residents. You will, however, have the option to select 'prefer not to say' at all questions. Please only answer questions that you feel comfortable answering.

What is your age group?

D4. Thank you for your time so far. To help us make sure we're involving the widest range of residents and those working in the National Park, we'd really appreciate you answering a few quick questions about yourself. This should only take a couple of minutes to complete, all questions are optional and we will not report your responses in a way that identifies you.

We would like to assure you that any information provided in this section will only be used for analysis, to understand the experience of living in the Cairngorms National Park of all residents. You will, however, have the option to select 'prefer not to say' at all questions. Please only answer questions that you feel comfortable answering.

What is your age group?
